## Marcia Constance Peck

---

Dr. Tracey McLaughlin. Assisted with clinical research trial looking at effect of weight loss and GLP-1 agonist treatment on pre-diabetic patients. Independently designed protocol with GLP-1 blocker exendin 9-39 for study with post-bariatric hypoglycemia patients.

- 11/09 -12/10     **Marin Endocrine Care and Research (Greenbrae, CA)**  
Worked part-time in general endocrine practice. Areas of interest include diabetes, thyroid disease, obesity and pituitary endocrine disease. Saw endocrine consults at Marin General Hospital.
- 2/06-5/07       **Marin Hospitalist Medical Group (Greenbrae, CA)**  
Full time hospitalist at Marin General Hospital. Admit and manage patients in busy medical and intensive care settings.
- 11/03-1/06     **Eden Inpatient Services (Castro Valley, CA)**  
Full time hospitalist at Eden Medical Center. Admit and manage patients in busy medical and intensive care settings.
- 2001-2002      **Stanford University School of Business (Stanford, CA)**  
Dr. Dan Kessler. Conducted extensive literature review of diagnostic and treatment modalities for osteoporosis used in the United States. Work included in report for the TECH network, evaluating trends in osteoporosis treatment globally. Funded by Merck.
- 1998-2002      **UC Berkeley School of Public Health (Berkeley, CA)**  
Dr. Richard Scheffler and Dr. Dan Gitterman. Examined the political, clinical and economic factors influencing the successful passage of mental health parity legislation at the state level. Funded by NIMH Supplemental Grant.
- 1996            **National Bureau of Economic Research (Stanford, CA)**  
Dr. Mark McClellan. Performed outcomes research for project analyzing effects of technology on mortality in elderly patients with acute myocardial infarction.
- 1993-1995      **The Lewin Group (Sausalito, CA)**  
Conducted health services research for health-policy management and consulting firm. Developed and coordinated system for junior-staff recruitment.
