

CHRISTINA HOPSON, DO

Email: expert@praxisid.com

Mobile: 628-600-3589

OBJECTIVE:

I have practiced clinical infectious diseases for 23 years and continue to do so. I am now also pursuing non-clinical opportunities. My career has included both private practice and a foundation model. Private practice was both as a solo practitioner and as a member of a single specialty group. The foundation model was as a member of a multi-specialty group. I have practiced in both community hospitals as well as a teaching hospital. Additionally, I have experience in both short-term and long-term acute care hospitals. I also have experience working in Skilled Nursing Facilities.
